

SØNDAGSKLUBBEN ☺

January 14th, 2007; 2 pm to 4 pm

The Northwest Danish Foundation is proud to offer its SØNDAGSKLUBBEN (Sunday Dinner Club) with featured guest speakers. Come join us for this fun social event!

Guest Speaker: **Kyle Dittmer**, Hydrologist-Meteorologist. Topic: **"Climate Change in Denmark and Greenland."** Trends in temperature and precipitation are summarized for the last 100 years for Denmark and Greenland. Future climate change suggests the warming to continue and accelerate. Will sea level rise over Denmark? What about a catastrophic collapse of our climate? The key to our climate future may be locked up in glaciers of Greenland. Mr. Dittmer just returned from Copenhagen, Denmark, after an interview with government climate researchers. He will share insights from the Danish scientists on the direction of our 21st century climate, including abrupt climate change and a possible new ice age.

Menu:

Appetizer of Herbed Goat Cheese on Toast; Garden Salad;
Beef Stew w/Crusty French Bread; and Almond Crescents w/Vanilla Ice Cream

Cost: \$10 per person.

Location: NWDF Center (Woodman Bldg.), 1847 SE Clinton Street, Portland, Oregon.

Reserve your spot now! Please RVSP by *Wednesday, January 10th*.
